Check-in officially starts on Saturday afternoon from 17 h. It is possible to arrange an earlier check-in on your request but not before 14h. We work hard to have the boats ready as soon as possible but delays sometimes occur, depending on the state of affairs left by the previous charterer. If you would like to check the status of your boat please contact us around 12 h to get an estimated time of your check-in.

11. What time should I return to the marina?

On Friday afternoon at least 1 h before the sunset, so that the diver is able to check the boat underwater. Please make sure that you fill the diesel tank before you return to marina. Failure to do so will be charged 100 € plus the cost of diesel.

Check-in starts when you arrive in our marina office in front of the pier D. Please do not arrive in marina before 14 h.

A check-in document is signed to acknowledge the state of the boat. After the check-in is finished all the crew members can take their luggage and come to the pier to board the boat.
5. You can sail out immediately or stay in the marina until 12 AM on Sunday.

13. What is the check-out procedure?

After you return with your boat to marina, our colleague will come to arrange a check-out at the time of your choosing. At that time, he will check the boat for damages and the diver will check the boat underwater. The check-out document is signed to acknowledge the state of the boat. We prefer to do the check out on Friday evening so you can leave the boat on Saturday morning (till 9 h) with no paper work.
